The data for the war dead information used by the CSVC project was made available by the Commonwealth War Graves Commission, and Library and Archives Canada. Included in the CSVC project are all those who died in WW II (the recognition period for which is defined as 3-Sep-1939 to 31-Dec-1947) who were serving in the RCNVR, RCNR, FR and WRCNS at the time of their death, and includes all categories of death.

The CSVC database is continually updated as new information is uncovered in the course of story research and some details in this extract may have changed. If you need the latest version, please contact the project team at CSVC.CVMC@gmail.com.
